

Mr. & Mrs. Geo. W. Grandy

547 Fano

Monrovia, Calif.

Oct. 8th

Dearest Mother & Daddy;

Using this this paper - so the letter wont be over weight.

Should you whsh - add more to Ingledues letter - Think you will find her address in one of the old telephone books - and I put several of them down on the left side below the telephone.

Have just written another letter on the Palmer Canyon lots -

Wrote to the Tax Assessors and delinquent tax office last month - but have had no reply - have you, I signed Edith Grandy to one of them. I have just written to the Title Insurance & Trust Co. thinking they might run down the dope for us. - Who owns them of amount of taxes due.

Thot I had some things to write about - but cant think of them now.

We have heard nothing more from JAD - I asked Connie this afternoon and she said she had not received anything since the 'gram from Florida.

I think Jack plans going to Silcotts on Friday.

I know if I don't clean house soon - wont be able to find the house. Sure wish it would rain and perk things up.

Today Walker's Dept. store cut their birthday cake - you should have seen the crowd this morning down there on the sidewalk - at noon I went in and got a ~~piece~~ Piece - but found no prize in my portion. They cut big hunks from the cake in the window - take it down to the basement and behind sheets cut it up and put into small white bags, and as you pass a counter a girl hands you a bag.

After I mail this will think of the things wantedx to day - so guess will mail it.

And don't forget to mail Ingledues !

Hope you are feeling better, Mother and Daddy too. Daddy did you find your "long lost cousin" -? or didn't you go look ?

Muchy Love -

*Alise*
